Dear Parents and Carers,

Reception and Year One, 'Tell me a Rhyme' Watermouth Castle Visit

The children had a fantastic day out at the castle. They met some nursery rhyme characters and sang the rhymes, enjoyed flying aeroplanes and journeying through the jungle on the Lazy River boats.

Year Two, 'Fairy Tales' Watermouth Castle Visit

The children had a wonderful time exploring the castle and grounds and saw some interesting objects and statues. They were thrilled by the light and water display, the many rides and the adventure park.

SLEEP WORKSHOP

WHAT WE'LL COVER...

- The importance of sleep for children
- What can cause children to struggle to sleep
- What impact that can have on children, their caregivers and siblings
- What we can do to identify the possible causes and then put in strategies and actions in place to support our children to sleep
- And we will be sharing resources, tips and links to further support sleep in children.

Quality sleep is essential for children's growth and development. A decent night's sleep will help them to do better at school, allow them to react more quickly to situations, have a more developed memory, learn more effectively and solve problems, plus it will make them less susceptible to colds and other minor ailments, less irritable and better behaved!
