HELPING YOUR CHILD WITH FEARS & WORRIES

6 WEEK ONLINE PROGRAMME

Parents and carers play the most important part in helping children to overcome difficulties. We are delivering an online Parent-Led CBT (PLCBT) group to provide you with the tools to support your child or young person aged between 5-12.

EXPRESS INTEREST BY SPEAKING TO A MEMBER OF YOUR SCHOOLS PASTORAL TEAM/SENDCO.

During the sessions you will have the opportunity to rehearse key skills. The sessions are based on the Cathy Cresswell book 'Helping Your Child with Worries and Fears'

FAQ

What is Parent Led Li-CBT?

Parent Led Low Intensity Cognitive Behavioural Therapy (Parent Led Li-CBT) is a short term 6 session intervention supporting parents and carers. Parents learn simple tools to help their child with anxiety or worries at home. CBT stands for Cognitive Behaviour Therapy. CBT is based on the idea that our thoughts, feelings, behaviours are all linked.

Is it all online?

All sessions are online via Microsoft Teams. Once you are signed up you will be emailed a link. Cameras will be off for group participants.

Can my child come with me?

We do ask that it is only parents and carers who attend these sessions. This provides a safe space for you to discuss your own worries and anxieties and allows the practitioners to focus on supporting you to gain the skills to support your child.
